The rear-wheel-drive track monster had its body developed in the wind tunnel and produces genuine downforce. Thanks to a built-in FIA-approved roll cage, the Ford GT is basically track-ready from the factory. 0-60 mph is dispatched in just three seconds but the GT is intended to be used on twisty tracks, with its adaptive suspension keeping the body flat through fast corners. Even so, it includes road-car amenities like a nose-lifting system and hill-start assist. The infotainment system is Ford's SYNC 3 unit with a 6.5-inch screen and features voice-activated navigation and smartphone integration with both Apple and Android devices. 7-Speed Dual Clutch Automatic Bridgeward/Pixabay The gamma GT test is another term for the gamma-glutamyl transpeptidase (GGT) screening. It is an extremely comprehensive test that looks for liver function or potential liver disease. This test measures the blood level of GGT, a liver enzyme that serves a key role as a transport molecule, and helps the liver metabolize substances, such as drugs, alcohol, and toxins. Read on to learn about GGT, why the test is ordered, and what elevated levels may mean. Why Is the GGT Test Ordered? Unlike some other routine blood tests, the gamma-GT test is ordered because your physician suspects liver disease. It is not part of a complete blood count (CBC) or other batteries of tests that check for overall health. The GGT test is the gold standard to measure the enzyme function in the liver. It is often ordered for those who suffer from alcohol use disorder (AUD), who may have done damage to their liver. However, liver damage can also be caused by poison ingestion, drug abuse, and other diseases. All toxins must filter through the liver, and if there is an overabundance of toxins at a given time or over a period of time, the liver may incur damage. What Are the Symptoms of Liver Problems? If your doctor has ordered a GGT test, he or she either suspects liver problems, or you are presenting with symptoms that indicate a liver condition. Some common symptoms of liver problems include: Dark urine Light-colored feces Jaundice (yellowing of the skin and eyes) Lethargy Abdominal pain Nausea and/or vomiting Lack of appetite Itchy skin It is true that many of these symptoms may be indicative of other problems, such as gastrointestinal upset. Your doctor may want to rule out a liver problem to find the correct diagnosis. What Are Normal and High Gamma GT Levels? Normal GGT levels fall between 0 and 30 international units per liter (IU/L), for both children and adults, though these levels may be slightly higher in newborn infants. Levels of GGT can also vary depending on circumstances. If a person with alcohol use disorder has had a drink the night before the test, the test could be wildly elevated. However, a person with AUD who has had even a short period of sobriety may have a normal level. Unless the liver is permanently damaged, as with cirrhosis (scarring of the liver), it is extremely elastic and can "bounce back," even from high levels of GGT and moderate liver damage. If alcohol is the culprit, however, the person must maintain sobriety in order for the liver to recover. High GGT levels are any level above the 30 international units per liter mark. What Are Other Causes of High GGT? Alcohol abuse is most often the cause of high GGT levels, but there can be other reasons. High gamma GT levels may also be caused by hepatitis, liver tumor, cirrhosis of the liver, diabetes, pancreatitis, and nonalcoholic fatty liver disease (NAFLD). If your GGT level is high, your doctor will likely want to order further tests to check your liver. What Other Tests Check Liver Function? A GGT test is the most comprehensive of the liver function tests. Still, your physician may want to order other tests, or perform more invasive procedures, such as a liver biopsy. Other liver function tests include the alanine transaminase (ALT) test, the aspartate aminotransferase (AST) test, and the alkaline phosphatase (ALP) test. These are all enzyme blood tests. What Is the Outlook for Liver Disease? With the exception of cirrhosis, which is irreversible, the outlook for liver disease as it relates to alcoholism or alcohol abuse is fairly positive, provided the patient stops drinking and maintains sobriety. The liver is a versatile organ, and can easily revert back to its original functioning provided it is no longer having to filter high levels of toxins (such as alcohol). Liver disease with respect to alcohol for a patient who is unable to stop drinking has a poor prognosis. Many cases of liver disease will progress to cirrhosis, which is often terminal. We understand that when you make an order, you want your gear as quickly as possible and we'll do our best to make that happen! Most of the items we sell will ship quickly and be at your door fast. In most cases, orders ship within 1-3 business days. Shipping and delivery dates are not guaranteed unless otherwise specified. Most orders \$100 and over qualify for FREE shipping within the Continental United States. Some exclusions may apply. See our full Shipping Policy for further details. Buy Online, Pick Up In Store Order online and pick up at any store location FREE of charge. Avoid online shipping charges and shipping time, and in most cases get your order faster. Enjoy the in-store pickup convenience and security of knowing that your car can easily return the product if it does not suit your needs within our return policy. I'm interested! What do I need to do? Place your order on bananas.com and choose In-Store Pickup for your preferred location at checkout. We'll contact you by email or phone when it's ready for pick up. Need it sooner? Just give us a call and we'll do our best to arrange that: 888-900-1959 Bring a copy of your valid government-issued ID such as a Driver's License and a digital or print copy of the order confirmation to your local store. You have 2 options: Curbside Contactless Pickup or Pick up in Store. Curbside Contactless Pickup: When you arrive at the store location, call us and we will bring your order out to verify your ID, place in your vehicle and you're ready to go! Pick up In Store: Come into the store, show your ID, and pick up your order. How does it work? After you place your order online, the selected store receives your order. Then the merchandise is selected from the store's current inventory and prepared for pick up. If the items are located at another store, there may be a longer wait time as we need to transfer it to the pickup location of your choice. This is all part of our free service. We'll contact you when it's ready and notify you if anything changes. Once your order is ready, you can choose to come into the store to pick up your order OR call us when you arrive and we will provide Contactless Curbside Pickup at your vehicle. Most orders are ready within 24 hours; however, please allow for extra processing time depending on the item, size of order, and store location. If you need to pick up your order sooner, please give us a call at either location. See our full Shipping Policy for further details. Tubes Bananas does not warranty tubes in transit. We offer tube removal and individual bubble wrap service for \$45 per customer request (for standard amps, more complex amps that take more time may be a higher fee). Customers buying any tube product and having it shipped should understand and realize that Bananas cannot be responsible for damaged tubes from transit. This applies to all new and used products. Certain manufactures offer a tube warranty on their new products as a courtesy, and that is available thru the manufacturer warranty process for all new products where it applies. Returns Any new item (other than as noted in our full Return Policy) purchased from Bananas at Large may be returned within 14 days of the invoice date, for a full refund, exchange or credit. All Pre-Owned Products may be returned in 48 hours. All Clearance, "additional mark down", additionally discounted, "blow out", "door buster" or otherwise identified as on sale are all sales final. For online orders, the above return policy begins on the day the items were delivered. We must receive an active tracking number within the specified time. See our full Return Policy for all of the pertinent details. Make music more affordable with these easy payment plans. It only takes a few minutes to apply or just choose the payment option at checkout. Bananas at Large offers these online and in-store financing options: Affirm, PayTomorrow, ZIP, Acima Credit, WeGetFinancing, Synchrony and more! Click here for details.
